

CHASE *The* Flush

Chase the Flush is an exciting new card game where players and the dealer receive three hole cards which they combine with four community cards to make the longest possible seven-card flush. Card rankings Ace (high) - 2 (low) are used to break ties between hands with the same number of flush cards.

HOW TO PLAY

Make an Ante and X-Tra Bonus wager to begin the game. Both bets must be equal.

After receiving three hole cards, players can either bet 3x their Ante or check.

ALL IN

After seeing the Turn and River cards, players can either bet 1x their Ante or fold.
