This is a Milestone Satellite. Once a player accumulates 140,000 (7 X 20,000) in chips or more, they have reached the Milestone and will be awarded a seat. Once the Milestone amount is verified the player and chips will be removed from play. It is the players responsibility to inform the floor once the milestone is reached. Satellite ends when the number of players remaining is identical to the number of seats awarded. Any prize money short of winning a seat will be awarded to the last player eliminated.
